About the OYC's Junior Sailing Program: *The Orleans Yacht Club has been teaching children to sail since 1947 and is one of the oldest youth sailing programs on Cape Cod. Everyone can learn to sail and skills learned at the OYC can be used for a lifetime! Beginner/novice to experienced students will LOTS of time on the water in three classes of sailboats: Optimis, Catalina/Precisions and 420s. Students also are indoors participating in chalk talks and demonstrations. Combining classroom and time on the water forms solid sailing & seamanship skills such as terminology, knot tying, sail trim, safety and boat care, to more advanced sailing theory including racing rules and tactics. The JSP staff is comprised of US SAILING certified Senior Instructors who lead the classes along with a number of junior instructors assisting them. In fact, most of our instructors have learned to sail here at the OYC themselves. Instructors ensure a fun and safe learning experience by combining instruction with educational games and activities and all lessons emphasize the Corinthian Spirit which is the high standard of good sportsmanship, teamwork, good attitude and behavior, fairness, integrity, determination and the ability of winning or losing gracefully as well as the Seaman's code of honesty, courtesy and consideration towards others.*
